

"Lindy" No Longer Has Place in U. S. Air Corps Reserve

Lone Eagle's Resignation Accepted by Secretary of War Stimson

Washington, April 29—(AP)—The war department announced today that Colonel Charles A. Lindbergh's resignation as a reserve Air Corps officer had been accepted.

The famous flier had written President Roosevelt he was tendering his resignation because the President's comments on him at a press conference last Friday left "no honorable alternative".

While it has been the war department's policy not to accept resignations from reserve officers during the emergency period, Secretary Stimson possessed discretionary power to act favorably or unfavorably on it.

In the conference the President compared the flier and other persons who predicted defeat of Britain by Germany to the Copperheads of the Civil war. The term was applied to northerners who believed the Union army incapable of victory.

Wonders About Award

Stephen Early, a presidential secretary, commented that Lindbergh's resignation "leads me to wonder if he is returning his decoration to Mr. Hitler".

Early referred to an honorary award for service to aviation given Lindbergh on a visit to Germany several years ago.

The White House official also was sharp-spoken in saying that Lindbergh had released a letter to President Roosevelt for publication before it was received at the White House. Twice he said, Lindbergh has followed that procedure.

Lindbergh gave out the letter yesterday in New York, notifying the President he was resigning his commission in the Air Corps reserve because of implications which he said the Chief Executive had made concerning his loyalty, character and motives.

Would Have No Duties

The resignation followed a press conference discussion in which Roosevelt had classified the famous flier with Civil and Revolutionary war appeasers.

Asked whether the President would consider it a loss if Lindbergh's resignation were accepted, Early said the answer would be provided when and if action on the resignation was taken by the war department.

Reporters said that this opened up a "nice question" of whether the resignation should be accepted since it might open the gate for conscientious objectors to protest against any service to their government. Lindbergh, it was noted, would have no duties to perform in war time.

Vacant Commission

"The President," Early commented, "indicated he wouldn't have any duties if he continued to hold his commission. Now there is a commission some one else can have".

Early said that while the newspapers printed Lindbergh's letter of resignation yesterday, "it has not yet been received" at the White House.

He then related that during a controversy over the cancellation of air mail contracts and the carrying of air mail by the Army in 1934, Lindbergh had sent a telegram to the President on a Sunday afternoon. He said it was printed in Monday morning papers but did not get to the President until 10 A. M. on Monday.

"Is that pulled on the White House often?" a reporter inquired. "Twice by Lindbergh," Early answered.

Big Egg-Laden Transport Truck Comes to Grief in Dixon Early Monday Eve

A large transport truck containing 400 cases of eggs, enroute to New York City, turned over at the corner of Seventh street and Chicago avenue last evening at about 6 o'clock, when the driver, William Harder of Chicago, failed to negotiate the grade on route 330 as he left the city, and backed his truck back on Chicago avenue, then drove north to Seventh street to turn and make a second trial.

In turning on Seventh street, the trailer jack-knifed and rolled over on its side, pulling the tractor over with it. The driver escaped uninjured. Another truck was brought from Sterling and the load transferred, then two heavy wrecking cranes righted the tractor and trailer. The tractor caught fire when about 500 feet from the Keshish terminal east of Sterling several hours later and was totally destroyed. The damaged trailer was hauled to a local garage.

Classifications of Registrants to Be Reviewed by Board

Springfield, Ill., April 29—(AP)—Draft boards throughout Illinois have been asked to review their classification of all selective service registrants, it was disclosed officially today.

A spokesman at the state selective service office said the boards were asked to re-examine questionnaires filled out by registrants, paying particular attention to "doubtful" cases placed in deferred classes.

"Due to the number of registrants rejected for physical reasons, a number larger than had been expected, and the number deferred for dependents, the boards have been requested to review their classifications to make certain that all who are available for military service are so classified," the spokesman said.

The request did not mean, the spokesman continued, that there had been any change in classification policy or that there was danger of an insufficient number of registrants to fill the draft quotas. One of the purposes of the study is to determine if some registrants have improperly been de-

Lee Circuit Court Verdict Sustained

The Appellate court of the Second district has handed down another opinion of interest to Lee county in the case of Scott vs the Freeport Casualty Co. Mary and Fred Scott, her husband, residing on a farm near Earlville, were involved in an automobile accident wherein Bernard Eden of Lee was alleged to be at fault. A jury in Lee county Circuit court returned a verdict against Eden for \$7,250. The defendant was not able to pay the judgment and suit was commenced against the Freeport Motor Casualty Co., which had insured Eden under a limited liability policy issued to farmers who were solely engaged in that occupation.

The suit against the insurance company was defended by its attorneys on the ground that at the time of the accident Eden was engaged in the sale of livestock and was not engaged in his own farming enterprise. It was proven that Eden had collected workmen's compensation for the cattle company for the injuries which he sustained in the accident.

A jury in the Circuit court returned a verdict of not guilty in favor of the insurance company. A motion for a new trial was granted in Circuit court and petition for leave to appeal to the appellate court from the order granting the new trial was allowed. In the Appellate court the verdict of not guilty returned by the jury was sustained. Henry C. Warner of this city and Burrell & Burrell of Freeport represented the insurance company and attorneys George Spitz of DeKalb and George C. Dixon of this city appeared for Mr. and Mrs. Scott.

Soldiers at Camp Forrest Receive First Fresh Milk; Supply Is Problem

Camp Forrest, Tenn., April 29—(AP)—Tennessee dairy operators are finding themselves hard put to supply fresh milk needed for troops encamped here and at the same time meet the stiff inspection requirements demanded by the Army.

For the first time since they arrived several weeks ago, soldiers were given fresh milk yesterday. Under present plans each man is to receive a half pint daily. Lieut. Col. Rufus Boykin, camp quartermaster, said that milk was being purchased on the open market on a day-to-day basis from the lower bidder—providing it meets Army standards.

Outstanding Radio and Stage Stars to Perform at Armory

To Furnish Entertainment During Dixon's 3- Day Home Show

BULLETIN

The committee in charge of Dixon's Home show this afternoon contracted for the appearance of three radio acts from station WJJD, Chicago, at 4:30 o'clock Friday and Saturday afternoons—Shelby Jean Davis; Jackie, the yodeling kid; and the Kentucky Boys.

Peoria's loss is Dixon's gain; At least next Friday, Saturday and Sunday at the Dixon Home Show there will be so many outstanding radio and stage stars that even Milton Budd, emcee, wonders what there is left downstate! Song and dance teams, musicians, ventriloquist, impersonators, will stream out on the stage and the floor of the Armory under Budd's direction to entertain show-goers for many happy hours.

Tap dancing and soft-shoe routine such as would do metropolitan stages justice will be presented by "Ginger" DuFrane, who does not limit her performance to a couple of steps, but goes all the way in variety of clever footwork. The light and dark sides of song by Mary Jane Deobler, blonde songstress, and Marcella Faux, brunette exponent of vocal swing, will alternate in swaying the audience on melody. Notables, by proxy, will step out from the throat of Paul Gill, impersonator, when this artist "gets with" the mood of the crowd, and it is reported that such a thing is apt to happen.

Song and dance—dance and song—we don't know which will come first, but those who have

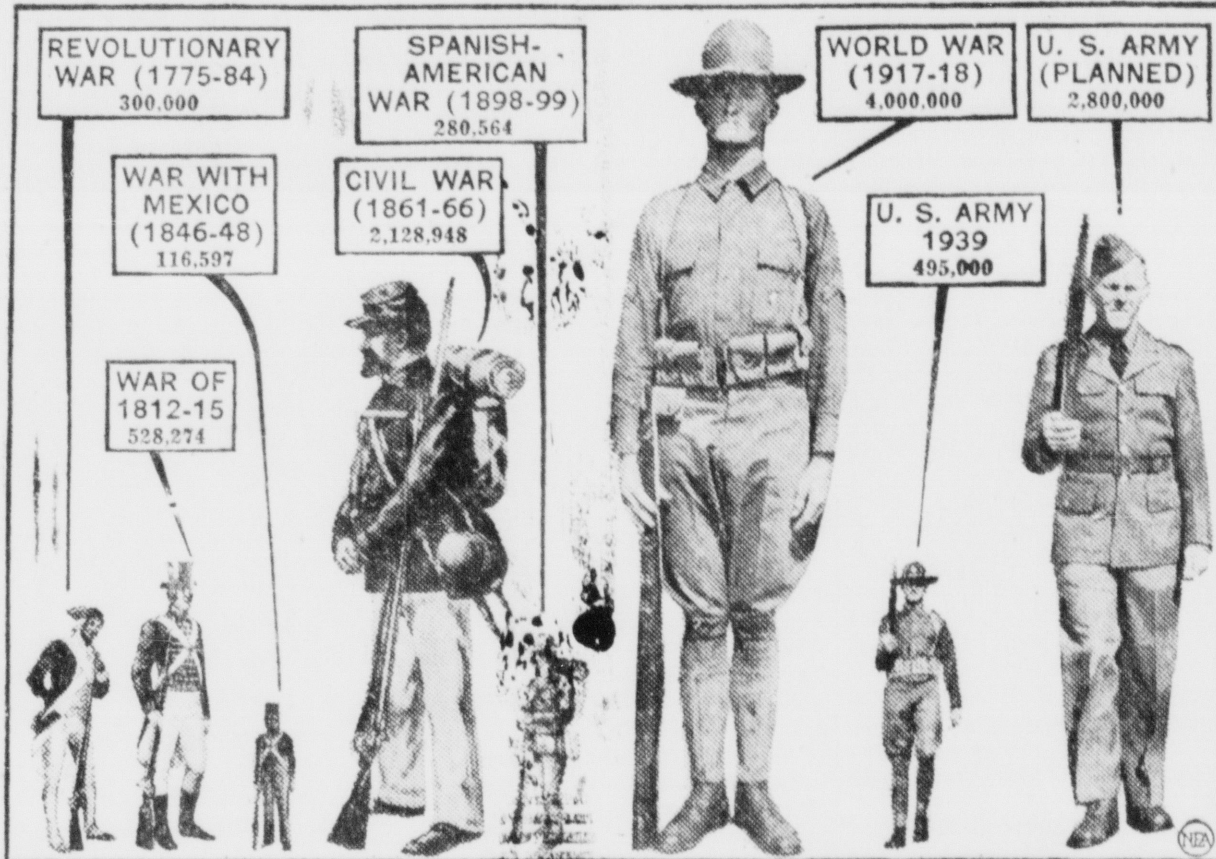

Milton Budd

seen and heard these two stars of Saturday Morning Juvenile Theater say that both sides of the situation will be well in hand when the Ehrhart Sisters come on! Anna Dooley, the "Diminutive Diva of Downstate," will put all the feeling into ballads and classical that an Irish girl is capable of giving, and you can write your own adjectives, is the report from radio audiences who have heard her. This is an outstanding act.

In Public Demand
"Let the chips fall where they may," says Joe Kelly, ventriloquist's dummy, "Charley McCarthy is good too!" Jerome Crowley, speaking through his pal's mouth, does not overestimate his own act. This performance is continually in public demand. Herman Hampy has been called "a musical screwball," but without any reservations, his public acclaim him as an extremely versatile musician. He plays trumpet and piano at the same time. It is said that Herman can play any instrument placed before him. He said he dared anyone to find him a steam piano! Jack Lyon, musical director of radio station WMBD, Peoria, will entertain from 2 till 5 every afternoon on the Hammond electric

U. S. Visions Biggest Peacetime Army: 2,800,000 Men

Plans are now under way to increase the strength of the U. S. Army, now passing the million mark, to 2,800,000 men. Pictograph compares this mobilization with strength of the army as it was two years ago and during major wars. Civil War figure is for Union army; the Confederate army numbered between 600,000 and 900,000 men.

Many Sacrifices in Store for Citizens of U. S.: Jesse Jones

Secretary of Commerce Forecasts National Debt 90 Billions

Washington, April 29—(AP)—Jesse Jones forecast today that the national debt would mount to at least \$90,000,000,000, and declared "we have not yet made any sacrifices."

"But they are in store for us, plenty of them," the secretary of commerce added in an address prepared for the annual convention of the United States Chamber of Commerce.

"A few months ago we were worrying about whether we could afford to increase government borrowing authority above \$15,000,000,000," Jones recalled. "It seems probable now that it will grow to at least double that amount, even allowing for paying as much of this extraordinary cost as our economy can stand from current taxes."

"Frankly, it has never occurred to me that we could not carry a national debt equal to a year's income, and as we build the national income we can carry more debt."

"But whatever amount we have to borrow, we must commence to pay back the day the emergency is over."

To Spend "Much More"
The cabinet official declared that "much more" money will be appropriated for national defense within the next four years, and pointed out that the cost of maintaining the army and navy will mount as the organizations are expanded.

At another point in his address, the Texan cited an estimate that "one-fourth of the normal manpower working hours will be required to produce and manufacture things necessary to the defense program."

"That means," he said, "that one hour out of every four must be taken from the production and manufacture of things we use in our normal everyday life. That means that we will either have to get along with fewer of the things to which we are accustomed and which we take for granted, or we must superimpose on our normal economy a 25 per cent increase in our productive capacity—25 per cent more work hours."

"The latter will be costly will involve serious fiscal problems and should be avoided if possible."

Illinois 96-Year-Old Blue Law Faces Test

Springfield, Ill., April 29—(AP)—A legal test of the 96-year-old "blue law" against labor or amusement on the Sabbath was sought in the Illinois Supreme court today.

Logan L. Mullins, receiver for the Logan Square State & Savings Bank, appealed from rulings of the Cook county Superior court and the First District Appellate court vacating a \$300 judgment against a former bank stockholder because the summons in the case was issued on a Sunday.

The 1845 statute under which the serving of the summons on the Sabbath was attacked reads:

National Record

Five members of the Harkless family reported today at the army induction center here and established what state Selective Director Paul G. Armstrong believes is a national record.

The Harkless brothers, John, Weldon, Owen, Leonard and James, together with 152 other inductees will be guests tonight at a farewell party, arranged by the Peoria Post No. 2 of the American Legion.

Armstrong, who is to be one of the speakers, said he believed that no other single family in the nation has furnished as many men to the armed forces during the present draft.

Proposed Federal Sales Tax Levies Meets Opposition

Treasury Plan to Levy on Incomes Seems to Have Inside Track

Washington, April 29—(AP)—Two members of the house ways and means committee today condemned the principle of a retail sales tax as a means of raising part of the \$3,600,000,000 in new revenue sought for defense.

The sales tax suggestion was put forward on behalf of the New York state Chamber of Commerce yesterday by William F. Schiefel, Jr., chairman of the Chamber's committee on taxation. He told the house group that the state chamber was not "urging" such a levy but thought it should be considered.

Reps. Robertson (D-Va) and Disney (D-Okla) had only criticism for that method of federal taxation, and Robertson predicted that the committee would follow, in general, the treasury's recommendations calling for sharply higher income tax.

This forecast aroused considerable attention, for previously several committee members had indicated a preference for the more moderate income tax increases contained in the revenue plan prepared by the staff of the joint congressional committee on taxation.

Sales Tax "Nonsense"
Robertson, discussing suggestions for a retail sales tax, told newsmen he believed that "a reasonable income tax" would be much fairer because it was based on ability-to-pay whereas, in his opinion, the consumer tax was not.

Disney, who favors broadening the field of consumer taxes through manufacturers' excise levies, said a federal retail sales tax would be "nonsense," because of the collection problem involved.

The manufacturers' levies are collected directly from the manufacturers, while the retail sales tax would be paid when consumers bought the goods and then it would have to be collected from thousands of merchants.

Meanwhile Secretary of the Treasury Morgenthau struck out at one portion of the tax program which the staff of the joint congressional committee submitted as an alternative to the treasury's plan.

His criticism was directed at the proposals for putting a tax on coffee, tea, sugar and such commodities, to compensate for the more moderate income tax rates. He called this taxing "the poor man's table".

Irma Lien, One in Million, Lucky Girl—She Can't Suffer Toothache

Minneapolis, April 29—(AP)—Miss Irma Lien, 21, of Regent, N. D., is that rare individual you've often heard about—one in a million.

She gained that distinction because she can't have a toothache. Her teeth, normal in every other respect, have no nerves. No nerves, no toothache.

Dr. William F. Lasby, dean of the University of Minnesota school of dentistry, said cases like Miss Lien's are not unheard of, but are very rare. Although no

German Long-Range Guns Bombard Coast of Great Britain: Fire Returned

The War Today!

By DEWITT MACKENZIE

The possibility that the Germans may attempt to use Palestine as a stepping stone for an attack on Egypt from the east holds out grim possibilities for the Holy Land, because of the danger of the revival of the bloody strife between the Arabs and the Jews.

The position of the large Jewish population would, as I see it, become extremely difficult to say the least, if the British were unable to hold this position.

Axis agents are reported to be swarming the whole Near East, trying to swing the Arab populations over to the Nazi camp and away from the British by handsome promises.

Thus it is logical to expect that, should the Nazis succeed in invading Palestine, the Arabs might take advantage of the position to try to drive the Jews from their new national home. Certainly the bitter anti-Semitic Germans could not be expected to discourage such a move.

Palestine comes more prominently into the war-picture because of reports in London of heavy Nazi "tourist infiltration" into neighboring French-mandated Syria. If this proves to be true, it will be a repetition of the old story—the "tourists" are German soldiers in civilian clothes.

British military men naturally are figuring on the possibility that the Nazis are intending to use Syria as a base for an attack on Egypt through Palestine, or for operations against Turkey.

The threat to Palestine is rendered much more grave from the fact that the Grand Mufti of Jerusalem, head of 900,000 Moslems, is said to be working vigorously against the British from his exile in Baghdad, Iraq. This powerful personality is trying to oust both the Britons and the Jews from Palestine, which he regards as belonging to the Arabs.

The latest official estimate of the population of Palestine made in June, 1939, gave approximately 849,000 Arabs, 425,000 Jews and 115,000 Christians. The Jewish total may have increased since then.

Terrible violence has marked the history of Palestine ever since the establishment of the Jewish national home eighteen years ago.

Cleaning Plant in Chicago Closed

Chicago, April 29—(AP)—A large Chicago cleaning plant was closed today by executive order of Mayor Edward J. Kelly, the apparent aftermath of a slaying attributed to racketeers in the cleaning and dyeing industry.

The closing of the Klever-Shaw-Karpel Kleaners, Inc., was requested by State's Attorney Thomas J. Courtney after investigating the slaying of Anton Gorczak, a driver for a rival concern.

Gorczak, father of four small children, was clubbed to death last Wednesday by two unidentified men. Investigators reported that his firm, the Republic Cleaners, had been taking over accounts previously held by the Klever-Shaw-Karpel company.

Courtney said that the Klever-Shaw-Karpel company was under the domination of Murray Humphreys, former Capone gang lieutenant and once listed as Chicago's public enemy No. 1, through his wife's ownership of 49 per cent of the stock.

The prosecutor said that the company did not have an operating permit. A city ordinance provides that such permits be issued only to persons of good moral character.

"Certainly Murray Humphreys and his associates are not of good moral character," Courtney wrote Mayor Kelly in requesting him to close the plant.

Irma Lien, One in Million, Lucky

records of "nerveless" teeth are available, so far as Dr. Lasby knows, he estimated her case was one in a million.

Miss Lien's unusual case came to light recently when she went to a dentist to have her teeth looked after. Use of a drill on a few small decayed spots brought no signs of discomfort and an X-ray disclosed the young woman's teeth do not have nerve canals, but are solid formations although similar in every other way to normal teeth.

Speedboats Clash in Channel: Assault on Crete Near

(By The Associated Press)

A battle between British and German speedboats, attacking along the southeast "invasion" coast of England, was reported today as Nazi long-range guns on the French coast unleashed the heaviest cross-channel bombardment of the war.

The twin actions may have been "feeler" stabs of the type likely to become general in an invasion attempt.

DNE, the official German news agency, declared several British speedboats were damaged in the clash.

Apparently, however, Hitler's long-awaited storming of the British Isles was not in the immediate offing. It was pointed out in London yesterday that the RAF had not concentrated recently on bombing German-held ports across the channel. This would indicate that the RAF had not found any new massing of German troop barges.

Crete May Be Next

In the Balkans, Hitler's war machine—undefeated on land—was reported girding for an assault on the island of Crete, 75 miles south of the Greek mainland, in what might be a full-dress rehearsal for an attempt to invade England.

The island—legendary birthplace of Zeus, ancient Greek god of thunder and ruler of the skies—is the new governmental seat of King George II, who fled Athens last Wednesday.

It also serves as a British base, and presumably part of the British expeditionary force has landed there in its flight from the Grecian Peloponnese.

DNE, asserted that five British ships totalling 18,600 tons were sunk by Nazi dive-bombers yesterday in passage between the Greek mainland and Crete.

On the western front, a violent cross-channel duel raged throughout this forenoon as German long-range guns hurled shells for nearly six hours into the Dover area—possible invasion gateway—while British guns returned the fire.

Observers on the English coast said it was the most sustained bombardment of the war.

RAF Pounds Emplacements
RAF bombers dashed across the channel at the height of the shelling, and heavy explosions along the French coast from Boulogne to Cap Gris Nez indicated they were pounding the Nazi gun emplacements.

At its narrowest point, from Dover to Calais, the strait is 21 miles wide.

In North Africa, Premier Mussolini's high command reported, German and Italian scouting troops inflicted heavy losses on the British in fighting around Salum, just inside the Egyptian frontier from Libya.

London reports countered with the assertion that the axis vanguard, driving toward the Suez canal, had been held in check by the harassing action of British patrols five or six miles east of Salum.

Australian troops at the siege-girt Libyan port of Tobruk were said to have made new sallies against axis forces in that sector, 80 miles west of the Egyptian border.

With the B. E. F. contingent proceeding in its withdrawal from the Greek Peloponnese—described by Australia's Acting Prime Minister A. W. Fadden as "conducting themselves with great heroism in the face of heavy pressure"—attention centered on Germany's heralded plan to attack Crete.

Crete a "Springboard"
Informed Germans regarded the long, narrow island as a springboard from which Alexandria, Port Said and the Suez canal could be threatened seriously.

Morning newspapers in England said Nazi occupation of Greece's Aegean islands—the Germans already have claimed Samothrace, Lemnos and Thasos—Might afford stepping stones to reach conveniently with Italy's Dodecanese islands, from which the Nazis might move into French-mandated Syria, thence toward Suez from the east.

Fighting continued only on the Peloponnese in the south of Greece, sketchy reports indicating the Germans were still pursuing the last of the B. E. F. as it fell back toward "escape" ports.

War on "Nerves" Basis
That the war was back on a "nerves" basis was indicated by widespread guessing about Hitler's next immediate move.

Canadian Prime Minister Mackenzie King, speaking to the

Judgment Against Mount Morris Man and Wife Affirmed

\$10,000 Verdict Found by Ogle Jury Upheld by Appellate Court

A judgment of \$10,000, entered by a jury in Ogle county Circuit court at Oregon last May in the death claim suit of Kathryn Paul of Durand, administratrix of the estate of her husband, Clarence, against LeRoy Garman and Bernice Garman of Mount Morris, has been affirmed by the Second district Appellate court at Ottawa, it was announced in Ottawa Monday afternoon.

The amount Mrs. Paul was awarded by the Ogle county jury is the maximum allowed by law as damages for death in an automobile accident.

Paul, who was the father of four children, all under 11 years of age, was killed Oct. 2, 1939, when he was struck by an automobile owned by Garman and driven by Mrs. Garman on a gravel road north of Mount Morris. The accident victim was working on a road construction project, supervising the unloading of gravel from two trucks, when he was killed.

City Officials of State Seek Change in Wage Statutes

Springfield, Ill., April 29—(AP)—Organized city officials began a concerted move in the legislature today to enact a series of bills to make the firemen-police-men minimum wage laws permissive rather than mandatory in 58 downstate Illinois cities over 10,000 population.

The state Senate municipalities committee announced the bills would be taken up in a night hearing.

The state Senate municipalities committee announced the bills would be taken up in a night hearing.

ing tonight and the Illinois Municipal League said it had invited mayors and other officials of the affected cities to attend the hearing.

Sponsored by Senator Charles F. Carpenter (R-East Moline) and supported by the Municipal League, the series of five bills would:

Repeal the 1937 minimum wage laws and substitute legislation providing that the question of minimum wage payment in any city first be submitted to a vote of the people. The wage scales—\$150 monthly for firemen and policemen in cities over 10,000 and \$175 monthly in cities over 25,000 would be left unchanged.

Would Permit Bond Issues
Authorize cities to issue bonds,

with referenda, up to five per cent of their assessed property valuation to pay back salary claims of city employees for the period since the 1937 law went into effect. The effect of this bill would be to double the cities' existing bonding power.

Permit cities voting to adopt the minimum wage act to levy a special tax of three mills on the dollar of assessed property valuation to pay the higher scales.

A. D. McLarty, secretary of the Municipal League, said the bills were drafted to accomplish the same purpose as the 1939 Rhodes law which the state Supreme Court held void.

Freight trains during 1940 operated a daily average of 107.2 miles, a new high record.

GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots who may resist the intrigues of the favorite are liable to become suspected and repudiated by those who suppose the applause and confidence of the people to surrender their interests." Auditing the New Deal

Congress is wrangling over the problem of the latest tax proposals. What the eventual solution of the problem will be remains in doubt, but one certain thing is that, eventually, the consumer—and who isn't a consumer?—will carry the load. And, for the most part, no one would complain about taxes spent for defense purposes—but on top of the extravagance of the last few years, the new burden will be irksome.

Congressman Daniel A. Reed, New York Republican, commented on this in a speech a few days ago in the House of Representatives, and today we give you some of his conclusions.

We all know that a rising public debt and heavy taxes go together. No country has ever greatly increased its debt without being obliged also to raise more by taxation. It has also been true, particularly in our own national history, that taxes have been reduced as the debt was redeemed.

One reason for this relationship becomes clear if the public debt be thought of as a first mortgage on the earning power of the people. Every day in the year is tax day for all of us. The taxes to service the public debt first mortgage fall not only on all who work but on all who eat.

How much is this federal debt mortgage? On March 4, 1941, it was \$46,130,000,000. This was \$10,000,000,000 more than the total value of all farm land, buildings and livestock as reported in the farm census of 1935. If all of the property in all of the states west of the Mississippi could be sold today for its assessed value, as last reported by the census bureau, the total amount realized would not pay off all of this debt mortgage.

The interest on the federal debt mortgage in 1941 will be about \$1,100,000,000, or more than \$300-000,000 in excess of the total ordinary expenditures of the federal government in any fiscal year prior to 1916. To pay this interest bill in 1941 will require almost all of the revenue that will be collected during the year from all of the following taxes: Liquor, capital stock and estate taxes.

The federal debt has increased rapidly in the last eight years. On March 4, 1933, the total was approximately \$20,200,000,000. This was a per capita federal debt mortgage of about \$163. Eight years later, on March 4, 1941, the per capita debt was about \$352. In the first eight years of the present administration the per capita debt has increased by 116 per cent. This is the most rapid increase of debt in a like period during peacetime that has ever occurred in our own country or in any other country not afflicted by an uncontrollable inflation. That fact, as the President would say, "deserves a headline."

That is not all. In addition to the direct federal tax of \$16,130,000,000, the government has guaranteed bonds and notes issued by its corporations and credit agencies to a total of \$5,957,000,000. Under existing laws these corporations are authorized to issue a total of \$14,900,000,000 which will carry this guaranteed. None of these obligations are included within the statutory debt limit of \$65,000,000,000.

There is yet another chapter in the story of public debt. To the federal debt must be added the state and local debt. On June 30, 1932, the state local debt was \$79,576,000,000, representing a per capita of \$155.78. As of June 30, 1940, the total was \$20,000,000,000, equal to a per capita of \$150. Thus, in 1932 the total public debt represented a burden on each man, woman and child of \$312.12 but eight years later this burden was \$502. The per capita increase has been caused almost entirely by the growth of the federal debt.

This debt is a first mortgage against every citizen. All actually pay taxes, whether they realize it or not. Every baby born in the United States begins life with a public-debt charge of \$502 against his future earnings. Every couple that marries starts housekeeping with a public debt of \$1004 in addition to what they may owe on the furniture. Every family with three children is carrying the equivalent of a mortgage of \$2,510 or enough to pay for a modest home.

United Service Organizations

The keynote of democratic procedures is voluntary co-operation. In forming the United Service Organizations for National Defense, Inc., the government is setting up the machinery by which those already-existing organizations with the greatest past experience in making soldiers comfortable can pool their effort.

Co-operating are the Y. M. C. A., National Catholic Community Service, Salvation Army, Y. W. C. A., Jewish Welfare Board and Travelers' Aid Association. Together they will run 339 service clubs which the government will build and lease to them. Operation of the clubs will be a strictly civilian undertaking and will depend on contributions to the agencies participating. Soon there will be a drive to raise nearly \$11,000,000 for the first year's operation. Those who realize how much it means to a lonely soldier far from home to have a place where he can go for recreation and guidance when on pass from camp will have their pocketbooks open when the call comes.

When money goes to a man's head it touches his soft spot.

NEWS BEHIND THE NEWS

(Distributed by King Features Syndicate, Inc. Reproduction in Whole or in Part Strictly Prohibited)

Washington, April 28.—Naturally this government is not laying out its long range thoughts—the inspirational guide to its policies—fully out in printed words, or letting them drip into microphones. What Mr. Roosevelt's thinkers really think of the world situation can only be expressed officially in words dampened with diplomatic easiness. In an effort to present their viewpoint more clearly (their real answer to Lindbergh, the motives behind their recent speeches and announcements) I have consulted competent official counsel and received the following new, and occasionally startling lines of thought:

The democracies cannot possibly lose this war in the long run. Lindbergh is seeing trees fall, but he has not stepped back to get a picture of the forest. More trees will fall. The Suez may go. Gibraltar will certainly drop, more easily than the Balkans, whenever Hitler pushes that point. So what? What if even England is conquered? It cannot change the inevitable defeat of Hitlerism, if you reason it out fairly.

Everything Hitler has conquered is likely to conquer in a realm where geography works his way. In the Balkans as everywhere else on the continent he has the interior line of supplies, the inside track. He still has the inside track as far as the Mediterranean area. Near East and North Africa are concerned. He even has the inside track against England.

England ruled its world empire because it was geographically secure with a superior fleet in the old days. Developments of the bomber and the submarine have destroyed that geographical security.

The line of retreat behind the British Isles is the Atlantic ocean and there, as upon all ocean fronts, Hitler loses the inside track. The situation that has prevailed so far on land in Europe is reversed. The decisive advantage is with the democracies on the seas.

What would Canada do if Britain falls? Australia? Canada has been increasingly aligning herself with our interests. (Roosevelt has been working on this hard lately.) Unquestionably she would become a refuge for whatever escapes from Britain in event of a defeat there, and will align herself in some independent way with us, behind our Atlantic and Pacific fleets.

Where else is there for Australia to go? Certainly not to Japan. Certainly not to try to go it alone and thereby become subject to alpan.

Obviously, therefore, the worst that can happen is a concentration of the remnants of the British empire in joint cause with the United States.

Nor will the concentration be limited to what is left of the empire. Mexico is coming in now. Certain South American countries will stick with us. We will become the focal center of all little people everywhere in the world who are against the dictatorial way.

Against this realistic possibility, what chance will Hitler have to survive in the long run? None whatever. He will be trying to wring sustenance from conquered peoples. We will have the resources of the world, behind the yet unconquered geographical defense line of the seas. He will be managing bitter people he has enslaved. We will have a unit founded on self-interest.

British and Americans have prepared for generations for sea warfare. It takes three to five years to build battleships. There is no reason to expect the British will surrender their fleet. They have promised not to. Their interests for the future demand that the promise be fulfilled. Japan has a fleet but it cannot challenge joint Anglo-British control of the seas, even if the technical skillful Germans take it over. The Germans are just not sea people. They have no heritage from the deep. When they tried to run the Italian fleet, they ran it into disaster in the Mediterranean. Their concentration of this war was limited to the continent and superior land equipment. They were not even prepared to attack Britain across 20 miles of channel. In conquered shipyards using reluctant conquered labor, they have the capacity to make trouble on the seas, but not to win there.

This is another phase on which Roosevelt has been hearing down quietly for the future. Our shipbuilding capacity is being doubled, will be doubled again shortly. The doubling of our navy was started a year ago. We have the jump, the inside track, in this phase and we will keep it.

Thus do those who look ahead here convince themselves, amid

Sen. Wheeler Asks Several Questions in Rockford Speech

Rockford, Ill., April 29.—(AP)—Senator Burton K. Wheeler (D-Mont.) asserted last night that the people of the nation were "becoming anti-war deal" because of the president's position, and that of his cabinet members, on the "war or peace issue."

Wheeler spoke at the Shrine temple under the sponsorship of the America First Committee. His address was presented in the form of a direct communication to the president.

"I challenge you, Mr. President, to define what you mean by all aid necessary to defeat the dictators and the aggressors," Wheeler said.

"What do you mean, Mr. President by a bridge across the Atlantic? What do you mean by the statement that American vessels would patrol the Seven Seas? Mr. President, do you intend to use convoys, knowing full well, as you have said, that convoys means shooting and shooting means war?"

After declaring that the president called Col. Charles A. Lindbergh "a nutter" for stating an opinion that Great Britain already has lost the war, Wheeler added:

"Mr. President, the American people want to know if you have quit your promises to them not to lead this nation into war."

In an interview preceding the address Wheeler said that under the Constitution the president "has no right to carry on an undeclared war and no right to send the army and the navy into combat zones."

"He may have the power to do it if the army and the navy follow his commands, but he has no right to do so," he added.

Nine police officers were assigned to last night's rally. Wheeler recently said he had received a letter from Rockford warning him to stay away. He referred to the letter in humorous vein during his speech.

falling trees, that the axeman of Europe is doomed. It may take three years or five years, perhaps more. What is happening on present battlefields can have no effect upon the result. The end of this war is being contrived quietly, without headlines, in American shipyards.

Invasion of this country? Preposterous. The Nazis will be fighting defensively to keep their sea lanes open, to keep Europe from starving, rather than trying to break through the lines of our battleships. Bomb our cities? Some, possibly, but not until they can get nearby bases or build aircraft carriers, and even then only in nuisance raids.

Are we to invade Europe, Africa? It should not be necessary. In control of the Seven Seas, we can afford to wait out of reach for a long time, while the fates grind out our inexorable destiny.

Deadlock in Mine Wage Conferences Ends During Night

Operation of Soft Coal Mines of Nation Will Be Resumed at Once

BULLETIN

Washington, April 29.—(AP)—The United Mine Workers union announced today that soft coal production would be resumed Thursday morning in the nation's bituminous fields shut down since April 1 in a dispute over a new wage contract.

Washington, April 29.—(AP)—Resumption of soft coal production within 24 hours was forecast today after southern operators accepted President Roosevelt's plan for breaking the soft coal wage impasse and unexpectedly tossed in a \$1-a-day pay boost a final contract settlement.

The end of the month-old deadlock was buoyant news to worried defense officials, for it promised speedy refreshments of the dwindling fuel supplies which threatened to cause major curtailment of arms production in vital defense plants.

The soft coal mines in the eight Appalachian area and outlying districts, which produce approximately 11,000,000 tons a week, were expected to go back into production as soon as John L. Lewis' United Mine Workers union and the northern and southern producers can complete the details for getting miners back into the pits.

The break in the coal wage controversy which has kept the mines shut since April 1 came late last night when Presidential Secretary Stephen Early announced that the southern operators had accepted a proposal by the president to reopen the southern mines and negotiate a wage agreement with the U. M. W. on a retroactive basis to the date of resumption.

The decision of the southern operators to put a \$1 a day wage boost into effect at once—raising the southern rate from \$5.60 to \$6.60—provided a surprise to most of the mine union officials since the president had not asked for any wage change in his back-to-work proposal a week ago.

The decision of the southern operators was reached after a night conference which followed a visit with Commerce Secretary Jesse Jones and a senate committee inquiry into the cause of the mine shutdown.

As one operator explained it, the commerce chief told the southern producers bluntly that "something has to be done and done quickly."

The northern producers and the U. M. W. already in agreement on a new \$7 a day wage scale, had announced their readiness a week ago to accept the president's reopening plan, which provided that the northern mines reopen on the basis of the agreement already worked out.

The southerners' decision to reopen the mines and send some 400,000 coal diggers back was made known in a message to Roosevelt from L. Ebersole Gaines, chairman of the southern group.

ILLINOIS MINES TO OPEN

Chicago, April 29.—(AP)—Illinois operators viewing a Washington announcement that the impasse in contract negotiations has at last been broken, predicted today that the state's coal mines probably would be in operation within 24 or 48 hours.

Some 45,000 bituminous miners in Illinois were affected by the work stoppage which began midnight March 31.

Union contracts with the operators expired at that time and resumption of work in most mines was stalled while representatives of the United Mine Workers (U. M. W.) and operators of the eight-state Appalachian area negotiated for new agreements in New York. Contracts agreed upon there serve as models for agreements in the outlying soft coal region, including Illinois.

Only a few details and actual contract signing remain to be cleaned up, officials said, before the mines could be opened.

Commenting on the Washington development, George F. Campbell, president of the Illinois Coal Operators Association which bargains with the U. M. W. A. said that "there isn't any reason why we shouldn't go back to work as soon as the north does. If the miners will work, we can start again any time."

The stoppage also affected the A. F. L. Progressive Mine Workers. The P. M. W. A. carries on its contract negotiations with another operators group, the Illinois Coal Producers Association.

William Keck, state president of the Progressive Miners, said in Springfield last night that the P. M. W. would not reopen contract negotiations with coal producers association until the U. M. W. A. signs a contract in New York.

SERIAL STORY

LOVE POWER

BY OREN ARNOLD

COPYRIGHT 1941
NEA SERVICE, INC.

YESTERDAY: Leana Sorni is angered by the way Bob treats Carolyn, hates the efficient secretary. After a turbulent session with Bob, Leana returns to her own office. A plan begins to develop in her mind. She owes a share in X-999. She will take it, leave the laboratory wrecked. It will not be necessary to murder Bob, Leana decides to act, quickly.

CAROLYN READS A WIRE

CHAPTER XIII

IN less than an hour Leana Sorni had crystallized a rather daring plan. One to change the entire course of her life hereafter.

Robert Hale's tacit reprimand, because she protested against Carolyn's "intrusion" here, had left her furious. Plainly, then, she must take complete possession of the X-999 herself. In a way, it belonged to her. Dr. Hale could never have achieved his great discovery without her aid here, at least not for many more months, she felt.

And with the substance actually in her possession, plus her own reputation as a scientist in the Schoenfeld Laboratory with Dr. Hale, she could command attention in any other scientific center—command the world to bow at her feet.

Before stupid, childish Robert Hale could even realize what had happened, Leana told herself angrily, she could make herself immensely powerful and rich. Maybe, then, Robert Hale would come crawling to her! If she would want him.

The young woman built up the scene in her imagination to astonishing reality. Normally, she would have been shocked at herself; shocked that an otherwise orderly, trained mind could go off at such a tangent. But in her intense training, Leana Sorni had taken no cognizance of the personal self, and did not now recognize that she was, after all, very human.

As if to strengthen a case which needed strengthening, Leana wrote a telegram. She worded it with infinite care so as to indicate tremendously important information without actually revealing anything for sure. She didn't dare telephone it; she called the telegraph office for a delivery boy. The message was addressed to the general manager of one of the greatest industrial plants in North America, one whom Leana had

known personally for several years and who had maintained a more than ordinary interest in her work here with Robert Hale.

"He will jump at the chance!" Leana assured herself, with keen satisfaction. "He will recognize the possibilities at once. He will keep quiet and still do exactly as I say!"

BOB HALE readily agreed to Carolyn's suggestion that the X-999 be shipped west by train, under special guard.

"The railroad goes right through the village of Blair, which is nearest the place," Bob told her this morning. "Normally a freight train wouldn't stop there, but, of course, it can. That is an exceedingly rugged country."

"How will we then take the stuff to the cave, Bob?" Carolyn wanted to know.

"Cave? Oh, I forgot to tell you. There is no cave. Something better. Four miles from Blair, the village, is Tonto Mountain, and an abandoned mine. There is a shaft, like a small tunnel, which slants almost horizontally into the mountain. There's even an old narrow-gauge rail

Young Operatic Star Appears in Dixon Tomorrow

Miss Alma Milstead, one of the most attractive of the nation's younger operatic sopranos will visit Dixon tomorrow afternoon, when the Junior Programs Opera company brings "Jack and the Beanstalk" to the Dixon high school auditorium for a 4 o'clock performance. Parent-Teacher associations of Dixon are sponsoring the production, which concludes a series of three Junior Programs presented here this season.

Miss Milstead, whose olive complexion and dark hair and eyes are a heritage from an Indian great-grandmother, and who is often mistaken for a Malayan or a Russian, sings the role of Jack in tomorrow's show.

She co-starred with Reinhold Werrenrath in the radio concert series known as the Camel Hour. She performs often before the microphone, and sometimes travels by plane in order to meet radio engagements, while touring with the Junior Programs Opera company.

Now at the threshold of her musical career, Miss Milstead has already made such progress from the time when she accompanied her family to what Texas "old-timers" called All Day Singings, which her father formerly led. Her father, who was known for hundreds of miles around as the singing teacher, rode the circuit, teaching old-fashioned singing.

She won a scholarship donated by Texas' Dudley Brock, which took her to New York. She studied with Brock three years until he went to Chicago, then won a fellowship at the Juilliard School, where she studied five years with Mme. Marcella Sembrich until the latter's death.

Junior Programs has its own methods of presenting operas for children, developed over several years of experience with audiences of all ages. A narrator explains the action before each scene, giving even the youngest child, unused to operatic form, an understanding of the story.

DOROTHY CHAPTER PLANS GUEST NIGHT

Dorothy chapter, O. E. S., is announcing a Guest Night meeting for Friday evening. A 6:30 o'clock dinner will be followed by a stated meeting, with worthy matrons and worthy patrons from surrounding chapters serving the stations, and a program.

Mr. and Mrs. E. E. Barrowman were guest officers at an Advanced Night meeting of the Mt. Morris chapter on Friday evening. About 20 members of Dorothy chapter were present.

OHIO SINGER VISITS HERE

More than 50 relatives and friends met at the home of Mrs. Ethel Littrell on Sunday for a family dinner, complimenting Mrs. Littrell's niece, Miss Josephine Trumble of Cincinnati. Miss Trumble, a former Dixon resident, is a member of the singing team, Judy and Jo, and after a brief visit with friends will return to Cincinnati, accompanied by her sister, Julia, who will resume the role of Judy, after a year's stay in Illinois.

Scavenger Hunt Tests Ingenuity of Camera Fans

Shutters of a dozen cameras clicked up and down the streets of Dixon last evening, as members of the Rock River Camera club went adventuring to seek unusual pictures in a photographic scavenger hunt. Originality was the watchword for the evening, and the camera fans as well as their townspeople are eagerly awaiting a public showing of the prints submitted.

Dividing into two teams of six members each, with members of the Freeport camera club as guests, the group left the Loveland Community House soon after 7:30 o'clock, after snapping a practice shot of the civic center, the first assignment on the evening's list of photographic "loot". Joseph Russo and Durward Brader served as team captains.

By 10:15, the camera enthusiasts had assembled at Peter Piper's for hamburgers, last of 16 assignments required for the hunt. Other subjects ranged from an alley scene to night traffic, a theater shot, a popcorn machine, night clerk, roller skating, bridge, and a cop on the beat.

Three or four interpretations were given each of the subjects, and the complete set of prints promises to attract widespread attention when displayed later at the Dixon Evening Telegraph. Judging will take place on Wednesday evening, May 14, and the winning pictures will be mounted for exhibition soon afterward.

Mrs. Bardwell Presents Review

Last of the yearly series of book reviews, sponsored by the Dixon Woman's club was presented Friday afternoon in the music room of the Dixon high school by Mrs. H. U. Bardwell.

Miss Margaret Kling, chairman of the club's literature and library extension committee, introduced the speaker, who reviewed "In This Our Life," a new novel by Ellen Glasgow, famous portrayer of life in Virginia and author of a long list of best sellers. "In This Our Life," Mrs. Bardwell stated, lays bare some of the frailties of present day life. Miss Glasgow tells of the human struggle, and deals a strong blow to intolerance, inhumanity, and injustice. "She is a moralist without moralizing," Mrs. Bardwell said, "sometimes witty, often subtle, and is a realist, depicting the life of the south, stripped of the magnolia and the mocking bird."

The book review series, which is open to the public, is planned as a cultural service to the community and to stimulate interest in the best contemporary literature.

ENTERTAIN AT "WHITTHORNE"

Dr. and Mrs. Z. W. Moss entertained at dinner Sunday evening at "Whitthorne", complimenting Dr. Grover Moss and his fiancée, Miss Beatrice Myers of Western Springs. The Moss-Myers nuptials will be solemnized in a church wedding at Western Springs on May 24.

Out of town guests attending the dinner included Mr. and Mrs. Bryant Karr and Mrs. Ida Hoyt of Rockford.

Nearly 300 Girls Will Appear in Scout Pageant

Approximately 300 Brownies and Intermediate and Senior Girl Scouts will appear in the pageant, "Following the Stars and Stripes", to be presented at 3 o'clock Sunday afternoon in the Dixon high school auditorium for the Scouts' parents and friends. No admission charge will be made for the production, which is a colorful and impressive review of the history of this country's flag.

The opening scene shows Betsy Ross behind the footlights, stitching on a flag—a flag designed by George Washington. She falls asleep, and 13 Brownies enter, to drop stars into Betsy's work basket, the stars representing the original 13 states of the Union. Additional stars are added at intervals as the story progresses, until Betsy's basket contains 48.

Other characters include the Minutemen, Dames of Liberty, soldiers of 1812, Dames of 1818, volunteers, Barbara Fritchie, sailors, Red Cross maids, farmer boys, college students, Girl Scouts, emigrants, woodsmen, miners, mechanics, ranchmen, mill girls, housewives, society maids.

Mrs. L. E. Sharpe, Mrs. Adolph Eichler and Mrs. Louise Sinow of the Scout council program committee are being assisted by Mrs. H. Victor Luke, Mrs. Leo Dixon, Mrs. W. A. McNichols, Miss Kathryn Harrington and the troop leaders with direction of rehearsals.

The first ensemble practice was held last Saturday and another is being planned for 10 a. m. this Saturday at the Dixon high school auditorium.

Homemakers Plan Chicago Tour

The annual tour of the Lee County Home Bureau has been announced for Friday, and is to include some of Chicago's most interesting places. Reservations should be made at the Home Bureau office in Ansoy at once.

The tentative itinerary includes a visit to Chicago's Municipal airport, the Merchandise Mart, and the N. B. C. studios; luncheon and a style show at Carson Pirie Scott's; Swift's Meat Packing plant; Hull House, and possibly other stops. The return trip to Dixon will be made about 8:30 o'clock.

The group will leave the Dixon bus station at 6 a. m.

LINEN SHOWER

Mrs. Victor Bally entertained with a linen shower Friday evening, complimenting a recent bride, Mrs. Ray Mangan (June Stafford). Spring flowers decorated the rooms, where tables were placed for luncheon. The Misses Evelyn Kesied and Virginia Worman received favors. A tiered cake was the centerpiece on the refreshment table. Sixteen guests were present.

FROM CALIFORNIA

Mrs. John G. Ralston returned yesterday from Palm Springs, Calif., after spending several weeks at Smoke Tree ranch.

Troubadettes Name Officers

Members of the Troubadette women's chorus motored to Grand Detour for dinner last evening. Afterward, the group returned to Dixon for a business meeting and election of officers at the Loveland Community House.

Mrs. Earl Auman is the new president, succeeding Mrs. Archie Brown. Other officers are: Vice-president, Mrs. H. Victor Luke; secretary, Mrs. Linn Green; treasurer, Miss Olive McClanahan; Mrs. W. E. Gronberg heads the engagement committee, and the social committee includes Miss Virginia Jane Lund, Miss Gertrude Kirkpatrick, and Mrs. Luke.

The chorus will be heard this evening during the musical revue at the Dixon armory for benefit of Company A reserve militia. Mrs. E. M. Goodsell directs the singers, and Mrs. Lyle Prescott is their accompanist.

CARD PARTY

About 60 guests attended the luncheon and card party given Friday evening by the Palmyra grange. Prizes were awarded for high scores in 500, pinochle, and

bunco, with refreshments following the games.

The next regular meeting of the grange will be held on Friday evening, May 9.

PROCEEDINGS OF
LEE CO. BOARD
OF SUPERVISORS

State of Illinois, County of Lee, ss.
On Tuesday, the 15th day of April, A. D. 1941 at the hour of ten o'clock in the forenoon, the Board of Supervisors of Lee County met at the Court House in the City of Dixon in Special Session, pursuant to a call signed by more than one-third of the members of said Board, and filed with the County Clerk as provided by law.
The said call for such Special Meeting of said Board being for the purpose to perfect organization of said Board, to elect a Chairman and to transact any other business that may legally come before said Board.
The meeting was called to order by Clerk Sterling D. Schrock, since the last Chairman, Harvey O. Risetter was a candidate for reelection as a supervisor and legally was not permitted to call the meeting to order.
The Clerk proceeded to call the roll of hold over members which call was answered by the following: Supervisors Hemenway, Buckingham, Wagner, Archer, Elmer J. Miller, D. H. Spencer, Ruggles, Leon W. Miller, Kranov, Wolf, Hart, Mehlihausen, Kuebel and Case.
A Motion was made by Supervisor Archer, seconded by Supervisor Case that Supervisor Risetter act as temporary Chairman. Carried.
Supervisor Risetter then proceeded as Chairman, with the business of the meeting.
Temporary Chairman Risetter asked the Clerk if all newly elected or appointed members had qualified properly and the Clerk replied in the affirmative.
On motion of Supervisor Hemenway, seconded by Supervisor Hart, the newly elected and appointed Supervisors were properly seated as members of the Board. The Clerk then proceeded to call the roll of the new members which were as follows: Supervisors Vaupel, Prescott, Wilson, Garrison, Higby, Dulen, Mau, Willis, Finn, Becker, Emmitt, Cortright, Webber and Risetter.
Acting Chairman Risetter announced the next order of business being the election of a new chairman for the ensuing year. Supervisor Ruggles placed the name of Supervisor D. H. Spencer for Chairman. There being no other nomination, Supervisor Kranov moved the nominations be closed, seconded by Supervisor Wilson.
On motion of Supervisor Leon W. Miller, seconded by Supervisor Prescott, the rules be suspended and the Clerk ordered to cast the unanimous vote of the members for Supervisor D. H. Spencer as Chairman of the Board for the ensuing year.
The Clerk then declared Supervisor D. H. Spencer the duly elected Chairman by the unanimous vote of the Board Members.
Acting Chairman Risetter then appointed Supervisor Buckingham and Supervisor Archer to escort the new Chairman to his seat.
Before presenting the gavel to the new Chairman, Supervisor Risetter expressed his appreciation to the Board members for the honor of serving as Chairman and for their co-operation during the past year. The new Chairman then thanked the Board for electing him Chairman for the year and asked for their assistance and co-operation during his year as Chairman.
A motion was made by Supervisor Cortright, seconded by Supervisor Buckingham that the rules which governed the board during the past year, govern the board during this year. Carried.
On motion of Supervisor Buckingham, seconded by Supervisor Hemenway, the members retain the same seats this year as last. Carried.
A motion was made by Supervisor Mau, seconded by Supervisor Hehlhausen, that all claims and communications on file be referred to the proper Committees. Carried.
A motion was made by Supervisor Risetter, seconded by Supervisor Wagner, the Board adjourn until 2:00 o'clock this P. M. Carried.
At the hour of two o'clock the Board of Supervisors reconvened pursuant to adjournment. Present Chairman Spencer and Supervisors same as at the morning session.
The Clerk read the list of Standing Committees as selected by the new Chairman which are as follows:

Many Little Mysteries Make 67th Kentucky Derby a Bizarre Affair

Louisville, Ky., April 29—(AP)—Topping off the list of circumstances that makes this the "different Derby," a report went the rounds today that the Derby trial mile this afternoon may uncover an injury to keep the \$40,000 Blue Pair out of Saturday's run for the roses.
Starting from apparently well founded sources, this rumor said the colt that Tom Bragg, the California and New York investment broker, bought from C. C. Van Meter for \$40,000 less than two weeks ago had turned up with a splint ailment and a soreback and that his performance in the annual mile "preview" would decide his chances of getting to the post Saturday.
At any rate this possibility and the showing—if any—of a colt named Sporting, purchased recently by Dan Withers of Chicago, are the only factors which save today's trial stake from being just a \$2,500 workout.
Might as Well Be Barn Dance
So far as Warren Wright's Whirlaway and a four others in the field of seven are concerned the whole thing might just as well be a barn dance. Because Whirlaway, to be ridden by Eddie Arcaro Saturday, will go to the post Saturday, win, lose or scratch today, and the other quartet—Cadmium, Shaun G. Quintilian and Burman—won't get in the Derby even through the back door, according to their handlers.
Sporting, bought by Withers from V. V. Long arrived at the Downs a day or so ago and no one knows much about him. He ran as a \$2,500 selling plate at Oaklawn as recently as March 1, and just why Withers thinks he has a chance in the "big heat" is one of the little mysteries that makes this 67th Derby as bizarre as it now shapes up.

ABC OPENS LAST WEEK OF TOURNEY

St. Paul, Minn., April 29—(AP)—The American Bowling Congress started its final week of competition today. While the 10 high leaders likely will be shaken up before the curtain is rung down May 6, many believe the present top positions will withstand the final week's bombardment.
The 3,065 score by Vogel Brothers, Forest Park, Ill., has been seriously threatened since the Chicago suburb legions hung up the total on March 30. However, none has been able to top the figure. It now takes better than 3,018 to land on the Big Ten standing board.
Doubles Leaders
Bill Lee and Ray Farness, Madison, Wis., who hit 1,346 on April 21, stand a good chance of coping the doubles title. It takes better than 1,305 to place among the high ten in the two-man event.
When Fred Ruff, Jr., a first starter from Belleville, Ill., scored 745 Sunday, he placed himself in line for another championship for Belleville. Maxie Stein, who set the all-time all-events high, 2,070, is from the same town. It now takes 711 to place on the board.
Harold Kelly, South Bend, Ind., with 2,013, should cop the all-events title. Joe Norris, Detroit, one of the game's aces, slipped to 577 in the doubles and 500 in the singles yesterday, after hitting 651 for a real start in the team event.

HANK LEIBER SIGNS WITH CUBS; WILL BE ASSIGNED TO FIRST BASE POSITION

Chicago, April 29—(AP)—The Chicago Cubs plan to try the "Greenberg experiment" in reverse.
The Detroit Tigers solved most of their problems a year ago by shifting Hank Greenberg to left field and turning first base over to Rudy York, erstwhile bench-sitter. Now the Cubs, finally having signed Hank Leiber, hope to convert the hefty hitter into a first baseman and leave his old center-field post to Don Dula-Sardaro.
Leiber signed a contract yesterday, but no terms were announced. He is thought to be drawing about \$13,000. He joined the club at Boston for the first eastern invasion which begins today, being about 15 pounds overweight, probably will require two or three weeks to get in playing shape.
Meanwhile, Phil Cavarretta will handle first.

Rainbow Certain of at Least Share in Bowling Title

LEADERS HOLD A 6-GAME MARGIN IN HOMESTRETCH

Only Two More Weeks Remain in Season Schedule
It looks more each week as if the gem-studded crown of the ladies' bowling league may come to rest in the permanent waves of the Rainbow Inn lassies. No matter what happens, they are certain now of at least sharing the title, and from where neutral observers stand, it looks like the gals are really "in." The season ends May 12.

Last night the current leaders won three games from the Amboy Royal Blue to gain a six-game margin over their nearest rivals, the Lakeshire Marty second place club.
Leading the Rainbow last night was Legore with a big 545 series with games of 131-191-223. Topping the Amboy quintet was Ross with 466.
Lakeshire Marty Wins Two
The Lakeshire Marty team won two games from the Moose Ladies. Leading the winners was Owens with 452 while Hackbarth counted 469 for the losers.
Bon Ton won two games from the Frazier Roofing company as Dwyre rolled 507 for the winners and Andrews counted 424 for the losers.

Harwood led the Budweiser Gardens third place team through a two game victory over Kathryn Beard's team. She counted a 474 series. Leading the losers was Klein with 514.
Ray Carson's Service won two games from the Soda Grill. Leading the winners was McCarran with a 516 series and Hoberg counted 425 for the losers.

Dr. Bend's team won two games from the Buicks as Egan counted 477 for the winners and Court-right counted 486 for the losers.
No records were broken last night, but the Budweiser Gardens team moved into a three-way tie with the Buicks and the Rainbow Inn for high team game with 973.

High games last night included those of: Legore 191-223; Tilton 194; Miller 180-178; Hackbarth 209; Owens 181; Andrews 196; Dwyre 170-174; Ellis 172; Klein 192; Smith 171; McCarran 171-209; Meinke 182; Egan 179; A. Kellen 189; Courtright 214.

Sports Roundup

By EDDIE BRIETZ

New York, April 29—(The Special News Service)—More than half of the guys on Shorty Luster's Oklahoma U. grid squad are looking for their draft numbers to go up... First serious football casualty is Steve Juzwick, Notre Dame's high scorer last year, who broke an arm in scrimmage the other day.

GADDDING ABOUT

Harry Stuhldreher already has picked Minnesota to win the Big Ten football title again next year, with Northwestern and Ohio State looking for second and third... Columbia is looking for someone to fill the role of Forest Evashevski in the forthcoming movie, "Tom Harmon of Michigan." Well, Ed Trevor of the Broadway hit, "Lady In The Dark," is a dead ringer for Evashevski in the face, anyway... Each of the 15 rooms in Joe Louis' ranch house boasts a juke box. But that's nothing. When King Levinsky trained at "Peg's Haunted House" in Chicago for his 1935 bout with Louis, the joint sported 50 slot machines.

PEOPLE AND THINGS

Elmer Layden will open his new pro football office in the same Chicago building that houses baseball's American League... Those in the know say Eddie Shokes, Duke's fine first baseman, has definitely passed up the Yanks for the Reds... The boys out in the big house at Joliet have made and presented to Ted Lyons a lamp shaped from a tenpin and set in a rock base.

ONE-MINUTE INTERVIEW

Dizzy Dean: "There's been some talk about what I'm throwin' this year... Well, I got a slow ball that's so slow the infielders can come in and autograph it before it gets to the plate... Then the batter's a-swingin' at a surverin'."

TONIGHT'S FIGHT WINNERS

Buddy Walker to outbox Buddy Keff at Columbus... Harry Jexxa to win as he pleases over Al Brown at Wilkes-Barre.

DODGERS NOSE OUT REDS TO LEAD NATIONAL LOOP

By JUDSON BAILEY
Associated Press Sports Writer

The Cincinnati Reds last year were World Champions, and they may be again, but it must be said at this early date that other teams have improved while the Reds have remained stationary.
The champs came east yesterday and bumped into the Brooklyn Dodgers, one of the National League's improved clubs. Their clash was a battle of Titans, but the Dodgers emerged with their seventh successive victory, 3-2, and took over first place in the senior circuit, while the Reds were left languishing in fourth place.

The Reds had good pitching—a six-hit job by their veteran ace, Paul Derringer. They had their customary flawless fielding—including one of the most spectacular catches of the young season when Ival (Poison Ivy) Goodman stood almost against the rightfield fence, 300 feet from the plate, and jumped high to spear a liner in the sixth inning. They had as good an offense as the Dodgers—six hits, including a home run by Buck McCormick.

Dodgers Have Zing
But the Dodgers had that "zing" that challengers sometimes get and champions eventually lose.
Whitlow Wyatt, near 31 years of age and getting bald, struck out ten of the champs and held them to six hits, too. When McCormick's homer put the Reds in front, the Dodgers had what it took to get back in front—a single by Jim Waddell and a home run by Alex Kampouris, who led the International League in circuit-swapping last year. When the Reds tied the score through Ernesto Natoli Lombardi's triple in the seventh, the Dodgers had what was needed to win in the ninth—a single with two on by old Whit Wyatt himself.

You can bet that the fighting is going to be a lot fiercer this year. The St. Louis Cardinals are in the middle of it, also. They were idle yesterday, along with the rest of the league but today were to open their eastern swing against the third-place New York Giants.

Indians Drub Tigers
The American League action has switched to the west. While the eastern teams were traveling yesterday, the Cleveland Indians reinforced their grip on first place by drubbing the Detroit Tigers, 7-2. The Chicago White Sox moved into a third-place tie with a 2-1 edge over the St. Louis Browns.

Hal Newhouser of the Tigers showed he still is a potentially great pitcher by striking out nine men and allowing only four hits in six innings, but he was wilder than Larry MacPhail after reading one of Judge Landis' decisions. The 19-year-old southpaw gave nine walks and had to be removed with nobody out in the seventh, when he made a wild pitch with the bases loaded on two passes and an error. Meanwhile, Milnar hurried steady, six-hit ball and fanned five.

The White Sox beat the Browns simply because they put their eight hits closer together than St. Louis did its 11. Rookie Jack Hallett, a 6-foot-4-inch right-hander who was with Shreveport last season, survived the full nine innings for the victory.

Tennessee Coach Is Called to Army

Knoxville, Tenn., Apr. 29—(AP)—Uncle Sam's fighting forces won't be pushed around much if the army does as well as did Tennessee's Volunteers under Major Robert R. Neyland.

In establishing the Vols as one of the nation's great football teams, the major employed a lot of lessons he learned as a West Point cadet and then as a young officer in the engineer corps.

He found a place on the gridiron for such stuff as split-second precision, complicated maneuvers and a modicum of pageantry—stuff he picked up on the drill grounds and in engineering work.

It all paid off for the Vols—sending them to three post-season bowls in successive years—and for the major himself, enabling him to become one of the nation's highest paid coaches.

Now the major is to return to the service—his first love—and he'll be taking with him a lot of tricks he picked up in 26 years of coaching when he reports at Norfolk Va. next month. He was ordered to army duty yesterday.

Just how valuable the lessons are Neyland has learned in the handling of men, mapping out strategy for Saturday afternoon battles, and in the use of practical psychology will be determined later.

The major thinks they are valuable.
One thing the major will be taking back to the army with him—certainly in step with congressional opinion—is his belief that "a good defense is the best offense."

FIGHTS LAST NIGHT

(By The Associated Press)
Chicago—Billy Seward, 134, Ingomar, Mont., stopped Al Dorlac, 137 1/2, St. Louis, (4).
San Francisco—Lloyd Marshall, 165, Sacramento, knocked out Ralph De John, 176, Syracuse, N. Y., (6).
New Orleans—Harry Weekly, 142 1/2, New Orleans, outpointed Indian Billy Lee, 141 1/2, Milwaukee, (10).
Washington—Buddy Scott, 186, Washington, knocked out Johnny Hogan, 180, Palm Beach, Fla., (4).
Philadelphia—Bob Montgomery, 128, Philadelphia, stopped Nick Peters, 136, Los Angeles, (3); Tommy Fret, 119 1/2, Philadelphia, outpointed Spider Armstrong, 126 1/2, Toronto, (10).

DRAFT CAUSES SCARCITY OF CLASS D BASEBALL PLAYERS

Atlanta, April 29—(AP)—The army draft and defense jobs have created a scarcity of baseball players and umpires in Class-D leagues.

Jim Bagby, Sr., the "Old Sarge" who pitched the Cleveland Indians to 31 wins and a pennant in 1920, is making his debut as an arbiter in the coastal plain league of eastern North Carolina.

Long retired from active play, Bagby was assigned to work with Rocky Mount, N. C., where his son, Jim, Jr., (now with Cleveland) was a pitcher in 1936.

Unless defense production interferes, car deliveries in 1941 should exceed by 250,000 the 3,365,000 cars sold last year to establish a 12-year record.

Average cost of sugar used by U. S. food factories is 4 1/2 cents per pound.

AL WOLFE TOPS DIXON BOWLERS IN ABC EVENTS

Three Locals Likely To Finish in Money When Tourney Ends
Old Rip Van Winkle may have gone to sleep in the Catskills after a red hot game of ten pins with the little men of the mountains, but the delay in the Dixon bowlers' ABC scores was due to other causes.

Each kegler got his own total and it wasn't until the gang returned to Dixon last night that they could be compiled. Now that they are home against from St. Paul, the big news is that Al Wolfe led the local aggregation with a tournament average of 190 and led in the all-events (for Dixon, that is) with 1712. (Current ABC leader, Harold Kelly of South Bend, Ind., has 20 1/2.) Three are likely to end up in the money when the tournament ends May 6.

The Dixon ABC team scored 2612 with Ed Worley turning in high series of the event with 613 in games of 188-249-176. Ed scored 1704 in the all-events and had an excellent tournament average of 189.

Doubles Leaders
Leading the doubles for Dixon were Wolfe and Worley with 1139 which is 207 pins behind the leading Madison, Wisconsin tandem. In the singles events Ray Wilbur led with games of 187-221-189 for 597.

Although the Dixon boys failed to establish any ABC records, they all made a creditable showing and in several instances they fired games that were on a par with almost anything the tournament has produced.

At the time the Dixon pinners left the tournament Monday morning, the following scores were in the money: Team 2649 (which rules out Dixon); doubles 1114 (which would include Al Wolfe and Ed Worley for some cash); singles 568 (which would give Wolfe and Ray Wilbur some dough.) None of the Dixon team would count in the all-events payoff.

Tournament scores for Dixon are as follows:

Program Held Friday
About one-fourth of the population of Rochelle was present at the Rochelle Central school Friday evening, as participants and audience of the Health and Physical Education program, "The American Way of Life," which is an annual presentation of great community interest.

The four major units of the presentation, National Enlightenment, Civil and Political Phases of Democracy, Religious Tolerance, and Social and Economic Phases of Democracy, were well presented in pantomime and various types of rhythm—basic, elementary, dance, dramatic, eccentric modern mimetic sports, formal clog, social dancing, tumbling, and a modern symbolical dance. Avis Simmons and James Countryman who gave the prologue readings, did exceptionally well.

The program, under the direction of Miss Marion Swan, was carried out by all members of the faculty. Miss Swan was also assisted by Roberta Hanson as accompanist, Arnold Heltness in charge of curtain, and Fred Erbes, stage director.

Senior Play, May 16
The cast of the senior play is now rehearsing for the presentation of the three-act comedy "Fly Away Home." The date set for the presentation is for Friday, May 16th. The director, Miss Josephine Wibble has already demonstrated her ability to develop the talents of her pupils to the fullest extent. The play should be well worth seeing.

Additional information will be published at a later date.

Living in the fresh waters of New York state, a special of eel travels 3000 miles to a point south of Bermuda to spawn. Two years are required to get back to fresh water.

The bullfinch, an European bird, is a member of the family to which the English sparrow belongs.

In Sweden, instead of "one moment, please," telephone girls say, "In the wink of an eye."
